

Ruby

\$を利用する

`eval$s="puts('eval$s='+$s.inspect)"`

```
1 $s = "TEST"
2 eval 'puts $s'
```

~

[無名] no ft

```
1 TEST
2
```

~

NORMAL output utf-8 quickrun

Ruby

inspectを利用する

```
1 s = "test \" test"  
2 puts s
```

NORMAL + > [無名] utf-8 < no ft

```
1 test " test"  
2  
3 ↑ "test \" test"と表示したい
```

output

quickrun
