

Ruby

実行してみる

```
/tmp > bat quine.rb
```

	File: quine.rb
1	eval \$s="puts('eval\$s='+\$s.inspect) "

```
/tmp > ruby quine.rb
```

```
eval$s="puts( 'eval$s='+$s.inspect) "
```

```
/tmp > ruby quine.rb | ruby
```

```
eval$s="puts( 'eval$s='+$s.inspect) "
```

```
/tmp > █
```

C

```
#include <stdio.h>
```

```
int main(){char*s="#include <stdio.h>%cint main()
```

```
{char*s=%c%s%c;printf(s, 10, 34, s, 34);}";printf(s, 10, 34, s, 34);}
```
